THE SANEST, SAFEST

for every one is to be content with what he can pay for, and to pay for it when he gets it. Long ago Tragle adopted the unique policy of both buying and selling for cash only, believing that to be the soundest business basis.

Success has been ours, and those who deal with us share our prosperity. Cash buying opens to us the best oppor-

tunity of every market. Cash selling enables us to avoid the large expense and inevitable losses of a charge

account system, and we pass the dual benefits on to you in the shape of "Lowest-inthe-City" prices.

debt, and at the same time to feel that your money has brought more and better merchandise than it could ever have done in a store where your cash must help to offset the bad debts of other people.

It is obviously to your advantage to patronize a Store whose prosperity rests upon a firm, equitable, and economical sound basis.
